FTE Networks Announces \$4 Million Corporate Stock Buyback Program

NAPLES, FL., Dec. 19, 2018 — FTE Networks, Inc. (NYSE American: FTNW) (“FTE” or the “Company”), a leading provider of innovative technology solutions for smart platforms, network infrastructure and intelligent buildings, and a Deloitte 2018 Technology Fast 500 Winner (#95), announced today that its Board of Directors has approved a stock repurchase program of up to \$4 million of the Company’s outstanding common stock, beginning on Wednesday, December 19, 2018.

The \$4 million stock buyback program is effective for a three-year period. Shares may be repurchased under this program from time-to-time, as the Company deems appropriate through open market purchases effected through a broker dealer at prevailing market prices or by other means in accordance with federal securities laws. The actual timing, number and value of shares repurchased under the program will be determined by Company Senior Management, at its discretion, and will depend on a variety of factors such as market price of the Company’s common stock, applicable legal requirements and general market and economic conditions. There can be no assurance as to the number of shares the Company will repurchase and the program may be extended, suspended, discontinued or otherwise modified at any time, without notice, at the Company’s discretion.

“Our Board of Directors and Senior Management believe that FTE’s growth prospects and long-term strategy are not reflected in the Company’s current stock price,” said Michael Palleschi, President and Chief Executive Officer of FTE. “Board approval of this stock buyback program demonstrates our confidence in the strength of our businesses and our firm commitment to delivering shareholder value. Our confidence is premised on the fact that FTE is on track to deliver on its full-year 2018 guidance.”

“Mr. Palleschi continued, “Based on FTE’s business backlog combined with our opportunities pipeline, we remain confident that our upward growth trajectory will continue in 2019 and beyond. In its first full year of operations, FTE’s technology segment has deployed CrossLayer™ into premier buildings throughout the United States with more installs expected by year-end and, as previously announced, we are expanding into Canada. FTE’s infrastructure segment continues to secure its position as a leader within its respective markets.”

Mr. Palleschi concluded, “We continue to focus on strengthening our balance sheet, which is a top priority for Senior Management. Yesterday, we announced that we signed a Term Sheet with our Senior Lender adjusting the rate and extending the terms of our Senior Credit Facility by approximately two years, which amendment we expect to close by the end of next month. This is just the first of several initiatives that we are undertaking as we position the Company for continued growth.”
